TRAPPED BY THE FLAMES THEY PRAYED ON A ROOF.

Three Men and a Woman Held Prisoners for an Hour On Top of West Twenty-third Street Building-Policeman's Gallant Rescues.

With flames shooting from the windows below and billows of smoke rolling up about them, three men and a woman were to-day trapped on the roof of a seven-story building at N. 256 West Twenty-third street for the greater part of an hour until the firemen succeeded in drowning

The building rises sheer above adjoining structures for three stories and revery avenue of escape was blocked to

The men as well as the women bent upon their knees and prayed fervently They were all employed by the Talk-

or when Format the very ling Machine Company, which occupies the loft on the seventh floor. The young inkling of the predicament of the four imperfied on the roof.

The men are William Flanery, Henry Hogan and James Daly.

The men are William Flanery, Henry Hogan and James Daly.

The fire started at eleven o'clock in the rear of the third story of the narrow office building. Flames burst forth the windows only to find those avenues of mains and pply the importance of benefine in a work-room of the Solar Pyrographic Company, manufacturers of burnt wood apparatus. Only men were employed on this floor of the building, and they field.

They were all employed by the Talk-ing Machine Company which occupies the leeding hands, his burned clothing and inkling of the predicament of the four imperfied on the roof.

They were all working in a stuffy the dense that the rear of the third story of the narrow of the starway. When they were warned of their danger by the turnoil sufforting. They rushed to both front and rear fire-escapes and threw open the windows only to find those avenues of the building and the windows only to find those avenues of the violet of the starway was one and sufforting. They rushed to both front and rear fire-escapes and threw open the windows only to find those avenues of the violet was the starway was dense and sufforting. They rushed to both front and rear fire-escapes and threw open the windows only to find those avenues of the roof.

"I was sure my last hoor had come." and began to say my prayers. We could see nothing down below through the dense smike, and the heat soon became terrific. We were all giving up hope when Mr. Flane. carry water to the this floor of the building, and they fied, shouling the slarm of fire to the other tenants, when these should be the them.

A romance which began on the steam er Fuerst Bismarck, of the Hamburg American Line, ended in the Essex Mar-ket Police Court to-day when Megis trate Finn ordered a couple married by Lawyer Jos Levy, the "Duke of Essex

Isaac Broome, twenty-four years of age, who now lives at No. 186 Delancey street, and Lizzie Ornstein, who gave her age as twenty, of No. 294 Broome ordered 1,000,000 small arms and 100 street, were fellow-passengers on the steamer, on a trip which ended at this Prof. Fryer, who has spent thirty port about two months ago. According to he girl he made desperae love to her on the voyage, and proposed marriage one night when the moon was pro-

Pitious.

He was not faithful to this promise, however, when the passengers had left the ship, so when she stated her case in court Magistrate Finn asked the man if he was willing to marry the girl now. Brooms stated that he would.

"Who will perform the marriage?" said the prospective bridegroom.

"I haven't time," said Magistrate Finn. "Get Levey."

The lawyer was standing by and readily agreed.
